1 Introduction

This document outlines the procedure and criteria that will be used to select the 30 participants for the 2022 studytrip of *Studievereniging Sticky*, organised by *Stichting Sticky*. Members of the organising committee are automatically selected for participation. All other applicants will be considered using the guidelines outlined below.

2 Procedure

The selection procedure consists of a weighted lottery, the details of which are described in Section 3. The organising committee will carry out the selection procedure as quickly as possible after the deadline of submission for applicants.

The results of the lottery are saved by the organising committee. Should an applicant withdraw after selection, the next person from the lottery will be selected in their stead.

All applicants are informed of the results of the weighted lottery as soon as possible.

3 Weighted lottery

Each applicant is awarded points based on four criteria. These criteria are: (1) baseline, (2) motivation, (3) curriculum vitae, and (4) contribution to *Studievereniging Sticky*. In addition, applicants which were selected for the studytrip to Copenhagen in 2019 will receive an additional point, as decided in the General Assembly (“Algemene Ledenvergadering”) on May 29th, 2020 of *Studievereniging Sticky*.

The ratings for each category are outlined below.

3.5 Exception

Applicants who are no longer studying at a Dutch university in a field related to IT or IS, for a period longer than six months from the deadline of application, will not receive any points for the four categories described above. In case they qualify for the Copenhagen bonus point, that will be the only point awarded to these applicants.
